CUPE 728 Bargaining Bulletin

Steady progress at the bargaining table

Your CUPE 728 Bargaining Committee has now completed 10 full days of bargaining with SD36. While the process started off slow and the tone wasn't very encouraging at first, we're pleased to share that discussions have become more productive, and we are now making steady progress at the table.

We have not yet begun monetary discussions, but we have had several meaningful conversations on key issues and have already green-sheeted a number of items, moving them closer to agreement.

As always, we are committed to keeping members informed while respecting the confidentiality required in bargaining. If you have questions, please attend our General Membership Meetings or reach out to the union office — we will share everything we are able to.

At this stage, we can confidently say that we are moving forward in the right direction.

Tammy Murphy – **President**

Theresa Pidcock **– Vice President**

Karen Nicoletti – **Recording Secretary**

Edward Parsotam – **Caretaker**

Mike Addy – **Clerical**
