Re: **NEW PEBT WEBSITE LAUNCHING TODAY**

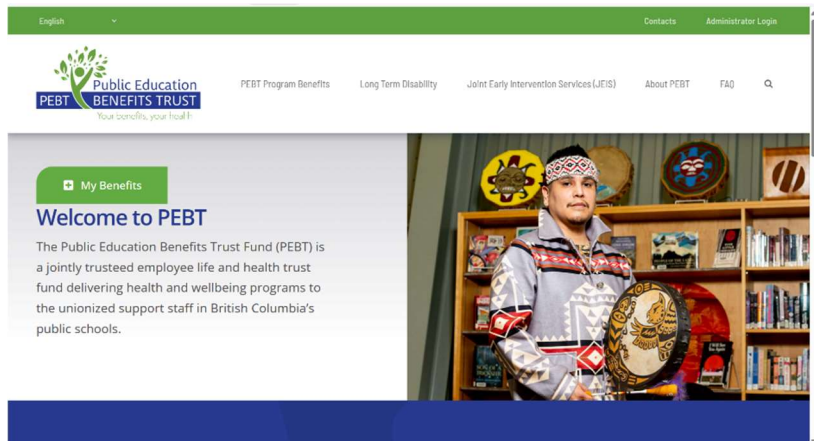

What is happening

We are pleased to launch our new website today, designed with users like you in mind. We encourage you to familiarize yourself with the site by going to www.pebt.ca.

As a member-focused organization, we have been working toward enhancing our communication, and the newly designed website is an important part of that strategy. You will find an enhanced search function, improved organization of content, easy access to the forms and documents you need, translation options, and the site is up to date on current accessibility standards. We have organized it with four key areas: Program Benefits, Long Term Disability (LTD), Joint Early Intervention Services (JEIS), and About Us. You can also find a summary of your benefits by clicking the My Benefits tab, which is available on all pages.

Action needed

1. It is important to remove your current PEBT bookmarks and find the information on the new site you want to bookmark. This will make your PEBT online experience more enjoyable and efficient and ensure you get the most up-to-date information.
2. We also encourage you to share the link with your staff and PEBT employees/members.
3. Lastly remember to update any links you may have on District or union websites or intranet sites.

These steps will ensure members are getting the most current information and details. Your feedback is important to us; please let us know what you appreciate about the new site.

If you have questions or concerns about the new site please contact Lori Lofthaug at lori.lofthaug@pebt.ca.
